

than costume complete. Our westerner revelled in the charms of the hour and the surroundings. He threw himself into the spirit of the occasion and danced like a dervish to the music of the orchestra. With a woman's artifice he tried to tempt the gondolier into song. It was in vain, however, for the solitary boatman at the stern was evidently a student of the conservatory. The young man from Tacoma at last sought terra firma, and as he soared rather than walked away he heard with horror the musical gondolier distinctly remark to his fellow in the bow:

"Oh say, Molke, find me a match, please?"—Chicago Mail.

#### THE WORLD'S FAIR.

California Making a Strong Bid for a Midwinter Fair.

CHICAGO, Aug. 4.—The weather continued all that the world's fair visitors could wish, clear and cold, with a refreshing breeze from the lake. This was Scotland's day at the fair, and many thousands of Scotland's sons gathered there. Various societies in native costume formed the most brilliant pictures of queer appearance on the ground. There was a union this morning at the Illinois building, mostly of literary men, musicians and artists. Later a congress of Scots was held in Festival hall, at the conclusion of which a special concert of Scottish songs was held.

The council of administration of the World's fair has directed the director-general to investigate the dances of the Orientals in Midway Plaisance and if found immoral, stop them at once.

The fair-delegate says: California is certainly making a strong bid to win popularity for its midwinter exposition. It has now offered "Uncle John" Thorpe, chief of the department of horticulture of the fair, a ten year contract to take charge of the park connected with the Leland Stanford university if he will accept a position for six months beginning November 1st, at the department of horticulture at the San Francisco show. A further proposition has been made to purchase the entire exhibit of plants and flowers now at Jackson Park. Consul-general M. H. DeYoung will have charge of the negotiations for the California people, and he hopes to make them all successful.

Thorpe has given no answer to the proposition as yet. The scheme to buy the entire exhibit of plants belonging to the fair will receive prompt attention from the exposition officials. To be sure many of the unique exhibits do not belong to the fair, but the most valuable specimens have been donated outright and may be sold if it is so desired. There is a strong sentiment against allowing them to leave Chicago and it is certain the Californians will have to bid high to secure them.

Theodore Thomas submitted to the World's Fair committee on music a plan for the reorganization of the music department, which includes an offer to resign as musical director. He says for the remainder of the fair the music should not be treated as an amusement, doing away with the necessity for a director of music.

The various congresses in the art institute continued today by reading of papers. Mary E. Leaser, Kansas, held the attention of women lawyers describing the rise of the Populist movement.

#### TELEGRAPHIC BRIEFS.

An earthquake shock was felt at Leicester, England, last evening.

A royal decree was read in the Spanish cortes yesterday adjourning the session.

J. M. McGehee has been appointed postmaster at Douglas, Wyo., vice Storrie, removed.

A party of fifty officers and clerks attached to the department of Colorado, have arrived at Denver from Los Angeles.

Between Thursday noon and yesterday noon, twenty new cases of cholera and fourteen deaths were reported in Naples.

Representative Thomas B. Henderson, chairman of the Republican caucus, has issued a call for a caucus to meet Saturday evening.

At Trenton, Mo., Joseph A. Howell was hung for the murder of Mrs. Nettie Hall and four children near Brookfield, Mo., in January last.

At Vancouver, B. C., yesterday, Miss Mary Ball, sister-in-law of the Chinese mission rector of Portland, was married to Charles F. Young, a Chinese merchant.

Extensive forest fires raging a few miles east of Albany, N. Y., are threatening a hundred acres of valuable timber have been destroyed and the fire is still spreading.

Treasury officials are advised that the First National bank of Hammond, Ind., capital \$50,000, and the Commercial bank of Muncie, Ind., capital \$50,000, closed their doors this morning.

At Philadelphia John Bromley & Sons and Deal & Son, worsted goods manufacturers, and John Blood & Sons, hosiery manufacturers, have closed their doors. Four thousand men and girls are idle.

The Plattville, Wis., First National bank has closed its doors, owing to a heavy run. Assets \$50,000 in excess of amount due depositors.

President Cleveland, Secretaries Carlisle and Lamont left Buzzards Bay for Washington yesterday. Mrs. Cleveland did not accompany the president.

The nine Choctaw Indians who were sentenced to be shot yesterday at Wilkerson were granted a further respite of one month.

#### The Summer Accident.

Unfortunately, drowning, the special summer accident, does not often occur at the spot where medical help and trained care are at hand to help in restoring life. Young and old should possess some knowledge of the steps to be taken in such an emergency.

The first care should be to handle the person gently, not to shake the little life there may be left out of him. Treat all injured persons with the utmost gentleness, for in a low state of consciousness, a jar, a loud noise, frequently cuts off the feeble breath at once.

Lay the rescued person on a board or on the best insulated surface at hand, in order to lower the heat to let the water run out of the mouth.

Get the body into hot blankets as soon as may be; apply heat in any manner possible and keep the head about it; get bottles of hot water, hot bricks; best of all are bags of heated sand in flannel, which can be laid close to the spine, heart, stomach, soles of the feet and palms, also along the legs and arms. Press the lungs gently but firmly from the waist up to excite a motion like breathing. At the same time give fresh air. Have a doctor apply electricity if that is possible.

Do not give up till you have worked two hours over the body, and kept it warm all that time.

In summer a bed on the hot sand of the beach, with plenty of blankets, is the very best place of all to revive one drowned.

No other Sarapilla possesses the combination, proportion and process which make Hood's Sarapilla peculiar to itself.

#### Electric Freight Engines.

The three electric locomotives being constructed by the General Electric company to haul cars through the Belt railroad tunnel are nearly completed. The machinery is about finished, and the generators are well under way. The locomotives will be of 1,200 horse-power each, and will consist of three separate trucks coupled together to form one motor. The weight on drivers will be 100 tons, and the number of drivers to each locomotive will be twelve. The maximum weight of freight trains to be hauled is placed at 1,200 tons, which can be carried at a speed of fifteen miles an hour; maximum weight of passenger train, 800 tons; speed thirty miles an hour. Each axle of the locomotive has mounted upon it a gearless motor, flexibly connected to the driving wheels, and means are provided for controlling the motors and commutating them, so that high efficiency can be obtained at nearly all rates of speed by

running the motors either in series, multiple series or multiple, according to the load to be hauled and speed desired. The current will be supplied to the motors from the generators by the regular trolley wire, with ground return through the rails. Where switches and sidings occur special arrangements will be made to prevent the trolley by any chance from jumping the wire.—Baltimore American.

#### THE WALTZING CONTEST.

Miss Careless and Mr. Pitt Awarded the First Prize.

The waltzing contest proved to be a strong drawing card at Saltair last evening, and the attendance was very large. After the regular performance in the pavilion, the floor was cleared and the thirty-one couples entered in the contest were started by the judges, Hoffheimer. The contestants then took the floor in the following order: Mr. Mayhew and Miss Snow, Mr. Hamilton and Miss Cuddy, Mr. O'Connor and Miss Morley, Mr. Libby and Miss Palmer, Mr. Fleming and Miss Towson, Mr. Graham and Miss Eddington, Mr. Angell and wife, Mr. Frost and Miss Lamb, Mr. Stockdale and Miss Keeler, Mr. Silver and Miss Frost, Mr. Grims and Miss Gindrup, Mr. Acomb and Miss Dewdney, Mr. Walker and Miss Smeeder, Mr. McCoy and Miss Horsey, Mr. Wilson and Miss Rockwell, Mr. Livingston and Miss Williams, Mr. Leslie and Miss Lyons, Mr. Clough and Miss Cushing, Mr. Jones and Miss Taysum, Mr. Youngberg and Miss Brown, Mr. Drull and Miss Davis, Mr. Pitt and Miss Careless, Mr. Lately and Miss Stone, Mr. Latham and Miss Phelps, Mr. Holmes and Miss Platt, Mr. Blomquist and Miss Sands, Mr. Fernandez and Miss Mulligan, Mr. Wilby and Miss Fitzgerald, Mr. Shipp and Miss Hammer, Mr. Brown and Miss Platt, Mr. Hickson and Miss Grant, Mr. Howell and Miss Esigau.

When the waltzing contest was over, Professor Pederson waved his baton, and to the strains of "After the Ball," the thirty-three couples glided over the floor. The judges decided that the prize should be divided among Mr. Pitt and Miss Careless, Mr. Acomb and Miss Dewdney, and Mr. Libby and Mrs. Palmer, and the three couples were requested to repeat the waltz at the conclusion of the contest.

It was decided that Mr. Pitt and Miss Careless were entitled to the first prize, Mr. Acomb and Miss Dewdney being second, and Mr. Libby and Mrs. Palmer third.

Mr. Acomb demonstrated that he was a better waltzer than Mr. Pitt, but the judges agreed that Miss Careless was unquestionably the best lady dancer on the floor, and proceeding on the theory that the lady should have first consideration, reached the conclusion stated above.

The contest was very exciting, all of the principal contestants having large followings. When the contest narrowed down to three couples, considerable feeling was shown by the spectators, and of course the decision did not give entire satisfaction, such a thing was not to be expected under the circumstances.

Salair Notes.

The Mystic Shrine have decided to go to Saltair on the 22nd.

Miss Winston yesterday rehearsed an obligato with Mr. Weihe, which she will sing at Saltair on Sunday.

John Robinson will sing two baritone solos at Saltair Sunday.

The Twenty-second ward yesterday booked an excursion to Saltair, to take place on the 18th inst.

Ellison has studied out some new mysteries in horsemanship, which he will spring at the ladies' and children's matinee today.

Bulla and Du Bois, the acrobats, have proved a strong attraction at Saltair.

Comrades.

Silmon (sternly)—Willie, where have those green apples gone that were down in the cellar?

#### WONDERFUL PROGRESS

In the Science of Medicine and Surgery—The Copeland Medical Institute Have the Latest Methods and Improved Instruments for Painless Operations—Another Successful Removal of Four Large Nasal Polyps Absolutely Without Pain, from J. H. Cochrane, by Dr. De Monco and Associates.

Many patients of Dr. DeMonco and associates have been astonished when in a twinkling a tumor as large as a hickory nut has been removed from the nasal cavity without any pain whatever and the patient thus cleared, enabling the patient to breathe freely. The relief is wonderful. The nostrils are quickly restored to their natural function and further treatment brings the patient back to good health and the capacity of enjoying life again.

MR. J. H. COCHRANE, 42 HO GRANDE AVENUE, SALT LAKE CITY.

Mr. Cochrane was suffering with catarrh and nasal tumors when he applied at the Copeland Medical Institute for treatment. "My trouble began three years ago and from that time on my nose was always stopped up. I seemed to have a cold all the time. I could not breathe through my nose at all. I was obliged to breathe solely through my mouth, which caused my tongue and throat to be as dry as a piece of burnt leather. This was especially apparent in the morning. I suffered with severe headaches over my eyes and on top of my head. There was a continual dripping of slime or mucus from my throat, causing me to have a sore throat and a great deal of trouble. As I said before, my head was always stopped up, and do what I would I could get no relief until I was treated by Dr. DeMonco and associates. "They gave me immediate relief by removing an internal growth of four large tumors from inside my nose. The removal of these tumors or polyps was absolutely painless and wholly unaccompanied by any unpleasantness from the flow of blood, with the pain, was my greatest dread in submitting to the operation. "When the doctors told me that they were all removed I could scarcely realize it. It had all been done so quickly. But when I felt the air passing through my nostrils, something I had not experienced for three years, I was convinced. "The only thing I regret about the whole operation is that I did not know of it sooner. I feel grateful to Dr. DeMonco and associates for the wonderful relief I have received from them, and would advise others suffering from catarrh and similar diseases to give them a trial. I can conscientiously recommend their treatment."

Don't wait till you have Polypus Tumors Growing in your Nasal Cavity, but take our Local and Internal Treatment and be Cured Now, while the weather is most favorable to assist in a cure.

Only \$5 a month for Catarrhal troubles. Medicine FREE.

MAIL.

Under their new system patients treating by mail have the advantage of a careful and accurate diagnosis, with watchful attention paid to the details of every case and medicines specially prepared for each individual patient with the constant advice of skillful and successful specialists.

## Great Proposition

WE WILL OFFER THE

AMERICANIZED

ENCYCLOPEDIA

BRITANNICA

AT \$2.50 A MONTH

On condition of your subscribing to this paper for one year. All our present subscribers are entitled to all the advantages of this great offer.

A REVOLUTION IN JOURNALISM AND LITERATURE.

THE GREATEST LITERARY OFFER EVER CONCEIVED.

A plan to place in every home the most complete reference library and work of general reading in the world. A great monumental work of scholarship and research.

AMERICANIZED ENCYCLOPEDIA BRITANNICA

REVISED AND AMENDED FOR AMERICAN READERS.

Compact, reliable, easy of reference. The only Encyclopedia complete up to date.

It is a dictionary of Arts, Sciences, and Literature, to which is added descriptions of American cities, with a history of their origin and growth, with accurate information of their situation, population, resources, etc.

SPECIAL BIOGRAPHICAL SKETCHES

Of noted personages, living and dead, brought down to date. A literary treasure beyond price.

TEN LARGE HANDSOME VOLUMES,

Printed on extra fine paper, in good, clear, new type made expressly for this work.

DO YOU KNOW

WHAT THE AMERICANIZED ENCYCLOPEDIA BRITANNICA IS?

FIRST—It is a library of the choicest, most useful and most entertaining reading on an almost infinite variety of subjects. It contains the history of every country in the world; the biography of every celebrated individual of ancient or modern times, including all the living statesmen, generals, historians, poets, novelists, inventors, discoverers, scientific men, and thinkers of this nineteenth century. It tells the stories of famous voyages and travels, describes the habits and customs of every people, explains the principles of every scientific invention, discusses the problems of political and social economy—in short, sweeps round the whole circle of human thought and knowledge, and spreads before you the best work of

MORE THAN 1,000 OF THE ABLEST WRITERS OF THE AGE.

Why Americanized Encyclopedia Britannica?

Because that name describes it accurately. It is the Encyclopedia Britannica—latest edition—remodeled as to fit it for use in American homes. The original "Britannica" was compiled by Englishmen for the use of Englishmen. The "Americanized Britannica" has been rearranged by Americans for the use of Americans. The original work devotes special attention to subjects of special interest to Englishmen. The Americanized Edition devotes special attention to subjects of special interest to Americans. The original work gives no biographies of people who were living at the time it was compiled. The Americanized Edition contains the biography of every noted man, whether alive or dead. The latest edition of the original "Britannica" was compiled nearly fifteen years ago. The Americanized Edition has been revised and corrected to the present year.

TEN LARGE VOLUMES,

About seven thousand pages. About fourteen thousand columns. Between eight and nine million words. And the whole thing, together with the best daily paper published in the city, will cost you only a trifling fraction more than

8 CENTS A DAY.

You will see at what a ridiculously small price we are offering you a work superior in a thousand ways to the Encyclopedias which are being offered at prices ranging from sixty to two hundred dollars.

This offer is made solely on the condition of your subscribing to this paper for one year. All our present subscribers are entitled to all the advantages of this great offer.

This offer also holds good for the Sunday and Semi-Weekly editions.

THE SET, 10 vols., and Daily Herald, 1 year, \$30.00

" " " " Semi-Weekly Herald, 1 year, 23.00

" " " " Sunday Herald, 1 year, 22.50
